

IT'S TIME FOR OUR ELECTED OFFICIALS TO **STAND UP FOR WORKERS.**

Demand your member of Congress support the **Reward Work Act S.2605/H.R.6096** and the **No Tax Break for Outsourcing Act S.2459/H.R.5108**.

THE GOP TAX BILL:

- 👎 Rewards companies for offshoring jobs.
- 👎 Enables corporations to lay off workers while getting huge tax breaks.
- 👎 Has **NOT** led to the the \$4,000 pay increase as promised.

“There is still a lot of thinking on the right that if big corporations are happy, they’re going to take the money they’re saving and reinvest it in American workers...

In fact they bought back shares, a few gave out bonuses; there’s no evidence whatsoever that the money’s been massively poured back into the American worker.

-Sen. Marco Rubio

We need a tax code that favors working people. CWA supports:

Reward Work Act (S.2605/H.R.6096)

Prohibits companies from buying their own stock to manipulate share prices by reversing the 1982 S.E.C ruling that made stock buybacks legal.

No Tax Break for Outsourcing Act (S.2459/H.R.5108)

Makes profits made overseas taxed at the same rate as profits made in the U.S., which will help prevent offshoring jobs.
